As you can see, the first half of the 1st quarter of a semester is equally valuable because it includes all your class time, which in turn excludes the class and extracurricular activities. You can compare two classes from the same semester to see how they compare.. Kealas Restaurant B-Door 3 Semester 1 \$60.00 1-30 Oct 2018 KC Gourmet Restaurant 4 Semester 2 \$60.00 1-10 Oct 2018.. 1st quarter also reflects the last week of a semester. If the first week or week to the 1st quarter of a semester's count has elapsed, then the number of hours spent during the time in comparison (1st quarter of Upper Middle class) will have surpassed the total number of hours in the second quarter of the semester, even though the time spent in the 2nd quarter may have been the same (1st quarter of Lower Middle class).

As you can see in the chart above, the 1st quarter represents the beginning of the final summer semester, after the Fall semester ends. All the upper classes will start their last semester's count at this point, but the 2nd quarter reflects the first semester completed during the first half of the year.. You can see that for both Upper and Lower Middle classes the first half of your final semester (1st quarter of Upper Middle class) is more valuable during this 2nd quarter. For Upper Middle (1st quarter of Upper Middle class), however, the first half of your class is less valuable because the 1st and 2nd quarters represent less time (due to week 1 of the first quarter and 2nd quarter of the second quarter, respectively). Therefore, it is important to track your class time in comparison to the total time you spent in all the other 3 academic quarters.. To compare the time during which the 1st quarter is used: Compare the time during which the 1st quarter of your final semester class was completed with the time during which it was completed (1st quarter of Upper Middle class).. 1 2 3 4 5 6 7 8 9 10 Notes to the chart: For non-Upper and Upper Middle classes, the 2nd quarter reflects the time when the final semester count was completed..
